# WOULDN'T YOU JUST KNOW IT

V.1

Wouldn't you ~~just~~ know it  
I should've had it made  
Seen it so often  
I know how it's played  
First comes elation  
it all falls into place.  
Just to be around her  
lookin' at that wondrous face

Chorus Love affairs ain't easy  
Keeping it sweet's so very hard  
Tried to keep the luck running  
Guess this time I played the wrong card

V.2 Dreamed it'd last forever  
She seemed to be 'the one'  
Finished each other's suggestions  
Never stopped having fun  
Built a love mountain  
on more and more trust.  
Then like a paper castle  
it all turned to dust.

Chorus  
Every time before  
I saw the writing on the wall  
This time seemed so solid,  
didn't think I'd take a fall.

(Solo over verse & chorus sequences)

## WOULDN'T YOU JUST KNOW IT

V3

Wouldn't you just know it  
No fool like the old  
Too many love scarred battles  
Thought I knew when to fold.  
Can't say I blame her  
it was too close to call  
I was too "loved up"  
took my eye off the ball.

Chorus. Every time before  
I saw the writing on the wall.  
This time seemed so solid  
didn't think I'd take a fall.

V4

Wouldn't you just know it  
when it all goes so right  
Someone got her attention  
like a thief in the night  
My heart was giving true life  
hers was giving just lies  
Of course I couldn't see it  
Infatuation closed my eyes.

CHORUS

Love affairs aint easy  
Keeping it sweet is so very, very hard  
Tried to keep the luck running  
looks like this time I played the wrong card  
Wouldn't you just know it, know it.
